

RESD received a number of suggestions from the community about needs and challenges related to COVID-19 impact on schools. The chart below describes the percentage, by group, who provided the district with feedback. We are always accepting more input, so please email us here: resdcommunityinput@riverside.k12.az.us with any concerns or suggestions.

Chart 1: Respondents

For the most part, our stakeholders asked to see an increase in the number of staff and teachers available to meet our students academic and social/emotional learning needs. Many want to see an increase in the number of parental involvement opportunities as well as additional training options for teachers, particularly related to SEL. Other requested school supports included a dedicated school nurse and building security staff. Summer school and before/after school tutoring also received a great deal of interest as being a need for our students.
